About this document

This document gathers the department information available for the KKMMPTC website. It is a content reference. It does not replace an admission prospectus, a Board syllabus, or a signed department profile.

Sources

College identity, the year of establishment, the address, the phone numbers, and the statement that the college offers three-year regular diploma programmes affiliated to the Board of Technical Education, Kerala, are taken from the IHRD institution page for Model Polytechnic College, Kallettumkara.

The institution page lists 60 seats for Electronics Engineering, Computer Hardware Engineering, Bio-Medical Engineering, Computer Engineering, Robotic Process Automation, and Electrical and Electronics Engineering. The IHRD polytechnic programmes page gives this college a total of 360 seats and names Computer Science And Technology among its programmes. The Directorate of Technical Education no-objection annexure for 2026–27 (letter No. IHRD/530/2026-DA3) lists Electronics Engineering, Computer Science and Technology, Biomedical Engineering, Computer Engineering, Electrical & Electronics Engineering, and Robotic Process Automation at 60 seats each.

Department descriptions, vision, mission, laboratory names, career paths, eligibility wording, staff names, photographs, and the two published activities are taken from the current website database. Where that text began as website copy rather than a signed department document, it is labelled as website text.

What this document leaves out

Semester subject lists that appear only in the website's older static data file are not copied. That file is not a State Board syllabus. No syllabus PDF, brochure, or laboratory manual is stored in the project. Stock photographs that the website uses as department banners are not treated as photographs of this college, so they are not included.

College profile

Item	Record
Name	K. Karunakaran Memorial Model Polytechnic College, Kallettumkara
Short name	KKMMPTC Kallettumkara
Address	Kallettumkara P.O., Thrissur District, Kerala - 680 683, India.
Phone	0480-2720746
Mobile	8547005080
Email	mptmala.ihrd@gmail.com
Website	http://mptmala.ihrd.ac.in
Established	1993, as stated on the IHRD institution page
Governing body	Institute of Human Resources Development (IHRD), Govt. of Kerala
Affiliation	Board of Technical Education, Kerala, as stated on the IHRD institution page
Principal on the website	Deepthi S
Principal designation	Principal

The principal's qualification is not stored. The website also describes the college as AICTE New Delhi approved. The 2026–27 technical-education order refers to AICTE norms for the listed diploma programmes. An AICTE approval number is not recorded in the project. The IHRD institution page also lists DCA and PGDCA as IHRD courses. They are not part of the six diploma departments in this document. Nearest railway station on that page: Irinjalakuda. Nearest bus station: Kallettumkara.

Programme summary

The website keeps six department records. Computer Hardware Engineering is the name still printed on the older IHRD institution page. The website, and the 2026–27 programme list, use Computer Science and Technology for that place in the six-programme set. A seventh department is not created here.

Code	Website name	Course title on the website	Official listing
EL	Electronics Engineering	Diploma in Electronics Engineering	IHRD institution page: Electronics Engineering, 60 seats.
CG	Computer Science and Technology	Diploma in Computer Science and Technology	Website name. IHRD programmes page: Computer Science And Technology. Older institution page: Computer Hardware Engineering, 60 seats.
BM	Bio-Medical Engineering	Diploma in Bio-Medical Engineering	Website spelling: Bio-Medical Engineering. IHRD also writes Biomedical Engineering. 60 seats.
CT	Computer Engineering	Diploma in Computer Engineering	Computer Engineering, 60 seats, on the IHRD institution page.
RPA	Robotic Process Automation	Diploma in Robotic Process Automation	Robotic Process Automation, 60 seats, on the IHRD institution page. SBTE notifications use programme code RP.
EEE	Electrical & Electronics Engineering	Diploma in Electrical & Electronics Engineering	Website code EEE. IHRD writes Electrical and Electronics Engineering, 60 seats. The programmes table uses EE at other colleges.

Duration on every website record: 3 Years (6 Semesters). The IHRD institution page describes these as 3-year regular diploma courses. Intake on every website record: 60, which matches the seat count on the IHRD institution page. Department phone on every website record: 0480-2720746, the college phone published by IHRD.

Electronics Engineering (EL)

Overview, vision, mission, laboratory names, eligibility wording, and career paths in this section are the text stored on the college website. They are not quoted from a separate signed department document.

Overview

The Electronics Engineering program provides deep expertise in analog & digital circuits, microcontrollers (ARM, AVR, 8051), embedded C programming, VLSI design, PCB fabrication, and high-frequency communication systems.

Vision and mission

Vision. To be a centre of excellence in electronics education producing industry-ready diploma engineers.

Mission. Provide hands-on training in embedded systems, communication and PCB fabrication with strong ethical values.

Programme

Item	Website record
Course	Diploma in Electronics Engineering
Duration	3 Years (6 Semesters)
Intake	60
Eligibility	SSLC / THSLC with Mathematics, Science and English. Lateral entry to S3 for Plus Two Science / VHSE / ITI.
Department email	el.mptmala@ihrd.ac.in
Phone	0480-2720746

Confirm the eligibility sentence against the current admission prospectus. A semester-wise syllabus for this programme is not stored in the project. State Board of Technical Education, Kerala publishes the Revision 2021 examination scheme at https://www.sbte.kerala.gov.in/. That scheme is not reproduced here.

Head of department and faculty

NISHA P V
Role on the website: HOD
Designation, qualification, and email on this record still match an earlier sample entry for a different name. They are omitted.

Photograph stored with this staff record (backend/uploads/staff/6f13e93b1cb244548ede0921946c8c82.jpeg).

No other faculty rows are stored for this department.

Laboratories and facilities

Names currently published on the website:

- Analog & Digital Circuits Laboratory
- Embedded Systems & Microcontroller Lab
- Communication Systems & Microwave Engineering Lab
- Industrial PCB Design & Hardware Fabrication Unit

Equipment, software versions, and laboratory photographs are not in the project. Those details are omitted rather than inferred from the laboratory names.

Academic activities

No workshop, seminar, industrial visit, competition, or department event is published for this department.

Projects and achievements

No student project, faculty project, award, publication, or industry collaboration is recorded for this department.

Career and further study

The website names the following paths. They describe areas of work and are not a placement promise.

- Embedded Systems Developer
- PCB Design Engineer
- Telecom Technical Officer
- Automation Technician

The college website refers to IHRD Industry on Campus as a college-wide scheme. No department-specific internship list, placement count, or higher-study result is stored.

Downloads

No syllabus, brochure, laboratory manual, or timetable file is stored for this department.

Computer Science and Technology (CG)

Overview, vision, mission, laboratory names, eligibility wording, and career paths in this section are the text stored on the college website. They are not quoted from a separate signed department document.

Overview

Computer Science and Technology focuses on programming, software development, computer systems, databases, networking, web technologies, and modern computing technologies.

Vision and mission

Vision. Produce diploma graduates skilled in programming, software systems and modern computing technologies.

Mission. Deliver practical training in programming, databases, networking and web technologies through labs and projects.

Programme

Item	Website record
Course	Diploma in Computer Science and Technology
Duration	3 Years (6 Semesters)
Intake	60
Eligibility	SSLC / THSLC with Mathematics, Science and English. Lateral entry available.
Department email	cm.mptmala@ihrd.ac.in
Phone	0480-2720746

Confirm the eligibility sentence against the current admission prospectus. A semester-wise syllabus for this programme is not stored in the project. State Board of Technical Education, Kerala publishes the Revision 2021 examination scheme at https://www.sbte.kerala.gov.in/. That scheme is not reproduced here.

Head of department and faculty

RAJI R
Role on the website: HOD
Designation, qualification, and email on this record still match an earlier sample entry for a different name. They are omitted.

Photograph stored with this staff record (backend/uploads/staff/d8e76b533bdd4098bee6194fbc977193.jpeg). The same image file is also stored for RAJI R.

No other faculty rows are stored for this department.

The published AI Workshop poster prints Raji R as HOD (CT & CM). The poster uses CM for this department. That name is not stored as an extra staff row, and no qualification is printed.

Laboratories and facilities

Names currently published on the website:

- Programming & Software Development Lab
- Database Systems Lab
- Computer Networking Lab
- Web Technologies Lab

Equipment, software versions, and laboratory photographs are not in the project. Those details are omitted rather than inferred from the laboratory names.

Academic activities

A published college activity, “AI Workshop for Staff”, names the Computer Department (CT, CG and RPA) as the organiser. The full record is in the college-wide section of this document.

Projects and achievements

No student project, faculty project, award, publication, or industry collaboration is recorded for this department.

Career and further study

The website names the following paths. They describe areas of work and are not a placement promise.

- Junior Software Developer
- Web Application Developer
- Database Support Engineer
- Network Support Technician

The college website refers to IHRD Industry on Campus as a college-wide scheme. No department-specific internship list, placement count, or higher-study result is stored.

Downloads

No syllabus, brochure, laboratory manual, or timetable file is stored for this department.

Bio-Medical Engineering (BM)

Overview, vision, mission, laboratory names, eligibility wording, and career paths in this section are the text stored on the college website. They are not quoted from a separate signed department document.

Overview

Unique program focusing on medical electronic equipment, hospital diagnostic devices, ECG/EEG systems, ICU ventilators, dialysis units, medical imaging, and clinical safety standards.

Vision and mission

Vision. Support Kerala's healthcare sector with competent biomedical diploma engineers.

Mission. Deliver practical training on hospital equipment, safety standards and diagnostic systems.

Programme

Item	Website record
Course	Diploma in Bio-Medical Engineering
Duration	3 Years (6 Semesters)
Intake	60
Eligibility	SSLC / THSLC with Mathematics, Science and English. Lateral entry available.
Department email	bm.mptmala@ihrd.ac.in
Phone	0480-2720746

Confirm the eligibility sentence against the current admission prospectus. A semester-wise syllabus for this programme is not stored in the project. State Board of Technical Education, Kerala publishes the Revision 2021 examination scheme at https://www.sbte.kerala.gov.in/. That scheme is not reproduced here.

Head of department and faculty

NISHA P V

Role on the website: HOD

Designation, qualification, and email on this record still match an earlier sample entry for a different name. They are omitted.

Photograph stored with this staff record (backend/uploads/staff/518b3357db964760ae4cbcf3defd4c7f.jpeg).

No other faculty rows are stored for this department.

Laboratories and facilities

Names currently published on the website:

- Biomedical Instrumentation Lab
- Clinical Equipment Calibration Unit
- Medical Signal Processing Lab

Equipment, software versions, and laboratory photographs are not in the project. Those details are omitted rather than inferred from the laboratory names.

Academic activities

No workshop, seminar, industrial visit, competition, or department event is published for this department.

Projects and achievements

No student project, faculty project, award, publication, or industry collaboration is recorded for this department.

Career and further study

The website names the following paths. They describe areas of work and are not a placement promise.

- Biomedical Service Engineer
- Medical Device Testing Specialist
- Clinical Application Specialist

The college website refers to IHRD Industry on Campus as a college-wide scheme. No department-specific internship list, placement count, or higher-study result is stored.

Downloads

No syllabus, brochure, laboratory manual, or timetable file is stored for this department.

Computer Engineering (CT)

Overview, vision, mission, laboratory names, eligibility wording, and career paths in this section are the text stored on the college website. They are not quoted from a separate signed department document.

Overview

Focuses on computer programming, software development, web development, mobile apps, Python/Java, database administration, and AI basics.

Vision and mission

Vision. Produce job-ready software diploma graduates with strong programming fundamentals.

Mission. Teach modern software stacks through projects, internships and Industry on Campus work.

Programme

Item	Website record
Course	Diploma in Computer Engineering
Duration	3 Years (6 Semesters)
Intake	60
Eligibility	SSLC / THSLC with Mathematics, Science and English. Lateral entry available.
Department email	ct.mptmala@ihrd.ac.in
Phone	0480-2720746

Confirm the eligibility sentence against the current admission prospectus. A semester-wise syllabus for this programme is not stored in the project. State Board of Technical Education, Kerala publishes the Revision 2021 examination scheme at https://www.sbte.kerala.gov.in/. That scheme is not reproduced here.

Head of department and faculty

RAJI R
Role on the website: HOD
Designation: not stored.
Qualification: not stored.
Email: not stored.

Photograph stored with this staff record (backend/uploads/staff/3fad825d369b497280770db3660a26a3.jpeg). The same image file is also stored for RAJI R.

No other faculty rows are stored for this department.

The published AI Workshop poster prints Raji R as HOD (CT & CM), Haritha P J as Lr in CT, and Vishnu K as Lr in CT. These are not separate staff rows, and no qualifications are printed.

Laboratories and facilities

Names currently published on the website:

- Software Development Lab
- Web Design & Full Stack Lab
- Database Systems Lab

Equipment, software versions, and laboratory photographs are not in the project. Those details are omitted rather than inferred from the laboratory names.

Academic activities

A published college activity, “AI Workshop for Staff”, names the Computer Department (CT, CG and RPA) as the organiser. The full record is in the college-wide section of this document.

Projects and achievements

No student project, faculty project, award, publication, or industry collaboration is recorded for this department.

Career and further study

The website names the following paths. They describe areas of work and are not a placement promise.

- Junior Software Developer
- Web Application Developer
- QA Software Tester

The college website refers to IHRD Industry on Campus as a college-wide scheme. No department-specific internship list, placement count, or higher-study result is stored.

Downloads

No syllabus, brochure, laboratory manual, or timetable file is stored for this department.

Robotic Process Automation (RPA)

Overview, vision, mission, laboratory names, eligibility wording, and career paths in this section are the text stored on the college website. They are not quoted from a separate signed department document.

Overview

Combines industrial robotics, sensor integration, PLC, mechatronics, SCADA systems, and UiPath RPA workflow creation.

Vision and mission

Vision. Lead diploma-level robotics and automation education in the region.

Mission. Give students live industrial automation experience through labs and internships.

Programme

Item	Website record
Course	Diploma in Robotic Process Automation
Duration	3 Years (6 Semesters)
Intake	60
Eligibility	SSLC / THSLC with Mathematics, Science and English. Lateral entry available.
Department email	rpa.mptmala@ihrd.ac.in
Phone	0480-2720746

Confirm the eligibility sentence against the current admission prospectus. A semester-wise syllabus for this programme is not stored in the project. State Board of Technical Education, Kerala publishes the Revision 2021 examination scheme at https://www.sbte.kerala.gov.in/. That scheme is not reproduced here.

Head of department and faculty

ULSAH R

Role on the website: HOD

The website flags this record as in charge.

Designation, qualification, and email on this record still match an earlier sample entry for a different name. They are omitted.

Photograph stored with this staff record (backend/uploads/staff/959c1dabacd1422c990cfeb6eec766a0.jpeg).

No other faculty rows are stored for this department.

The published AI Workshop poster prints Nithya M V as Lr in RP and Ardra T S as Lr in RP. The poster uses RP for this department. These are not separate staff rows, and no qualifications are printed.

Laboratories and facilities

Names currently published on the website:

- Industrial Robotics Lab
- PLC & SCADA Workstation
- Sensor & Pneumatics Lab

- UiPath RPA Lab

Equipment, software versions, and laboratory photographs are not in the project. Those details are omitted rather than inferred from the laboratory names.

Academic activities

A published college activity, “AI Workshop for Staff”, names the Computer Department (CT, CG and RPA) as the organiser. The full record is in the college-wide section of this document.

Projects and achievements

No student project, faculty project, award, publication, or industry collaboration is recorded for this department.

Career and further study

The website names the following paths. They describe areas of work and are not a placement promise.

- Robotics Maintenance Technician
- PLC Programmer
- UiPath RPA Developer

The college website refers to IHRD Industry on Campus as a college-wide scheme. No department-specific internship list, placement count, or higher-study result is stored.

Downloads

No syllabus, brochure, laboratory manual, or timetable file is stored for this department.

Electrical & Electronics Engineering (EEE)

Overview, vision, mission, laboratory names, eligibility wording, and career paths in this section are the text stored on the college website. They are not quoted from a separate signed department document.

Overview

Study of electrical power, machines, power electronics, solar PV installations, and industrial motor drives.

Vision and mission

Vision. Train electrical diploma engineers for power utilities, industry and renewable energy.

Mission. Blend theory with workshop practice in machines, wiring, drives and solar systems.

Programme

Item	Website record
Course	Diploma in Electrical & Electronics Engineering
Duration	3 Years (6 Semesters)
Intake	60
Eligibility	SSLC / THSLC with Mathematics, Science and English. Lateral entry available.
Department email	eee.mptmala@ihrd.ac.in
Phone	0480-2720746

Confirm the eligibility sentence against the current admission prospectus. A semester-wise syllabus for this programme is not stored in the project. State Board of Technical Education, Kerala publishes the Revision 2021 examination scheme at https://www.sbte.kerala.gov.in/. That scheme is not reproduced here.

Head of department and faculty

Dwitheesh Kumar
Role on the website: HOD
The website flags this record as in charge.
Designation, qualification, and email on this record still match an earlier sample entry for a different name. They are omitted.

Photograph stored with this staff record (backend/uploads/staff/91ec7abb731f4a0ba86392e212925e79.jpeg).

No other faculty rows are stored for this department.

Laboratories and facilities

Names currently published on the website:

- Electrical Machines Laboratory
- Power Electronics & Drives Lab
- Electrical Wiring Workshop
- Solar Testing Bench

Equipment, software versions, and laboratory photographs are not in the project. Those details are omitted rather than inferred from the laboratory names.

Academic activities

Item	Published record
Title	World First Aid Day – First Aid Awareness Program
Date	2026-09-12
Time	Not stored
Venue	K. Karunakaran Memorial Model Polytechnic College, Kallettumkara
Organiser	Student Association of Department of EEE
Category	Awareness Program

An awareness program conducted by the Student Association of the Department of EEE in connection with World First Aid Day. The program focuses on first aid basics, CPR, fire safety, road safety, general safety, and health & wellness. Participants will learn how to respond to emergencies, provide basic first aid, and support others during critical situations. The program highlights the message: “First Aid is Everyone’s Responsibility.”

Image published with this activity (backend/uploads/events/f514a1c976494185aeb4ab8b07160410.jpeg).

Projects and achievements

No student project, faculty project, award, publication, or industry collaboration is recorded for this department.

Career and further study

The website names the following paths. They describe areas of work and are not a placement promise.

- Electrical Supervisor
- Power Plant Technical Assistant
- Solar System Installer

> *The college website refers to IHRD Industry on Campus as a college-wide scheme. No department-specific internship list, placement count, or higher-study result is stored.*

Downloads

No syllabus, brochure, laboratory manual, or timetable file is stored for this department.

College-wide activities and photographs

These records are published on the website and are not assigned to a single department, except where the organiser text names one.

Item	Published record
Title	AI Workshop for Staff
Date	2026-09-14
Time	7:00pm to 8:00pm
Venue	Online – Google Meet
Organiser	Computer Department (CT, CM & RP)
Category	Workshop

Online AI workshop for staff conducted by the Computer Department (CT, CG & RPA). The workshop focuses on learning, exploring and empowering staff through AI-related knowledge and practical applications. Registration fee: Rs 100/-

Image published with this activity (backend/uploads/events/8666341192b846d8b871c19c19be4018.jpeg).

Text read from the poster image published with this activity. It is not copied from a separate notice.

Poster item	Text on the poster
Date printed on the poster	14th to 18th Sept, with an agenda date of 14/09/26
Mode and fee	Online workshop through Google Meet. Registration fee printed as Rs 100.
Welcome speech	Raji R, HOD (CT & CM)
Inauguration	Deepthi S, Principal
Chief guest	Pradeep Rajan, Assistant General Manager, World Trade Centre, Infopark Cochin
Day 1	AI Concepts — Raji R, HOD (CT & CM)
Day 2	Gen AI Tools — Nithya M V, Lr in RP
Day 3	Prompting — Haritha P J, Lr in CT
Day 4	Vibe Coding — Ardra T S, Lr in RP
Day 5	AI Agents in Daily Life — Vishnu K, Lr in CT
Agenda printed for 14/09/26	Welcome speech, presidential address, inaugural address, and the Day 1 session

The poster says Computer Department (CT, CM & RP). CM is the earlier code for the department the website now calls Computer Science and Technology (CG). RP is the poster's short form for Robotic Process Automation (RPA).

Gallery

5-DAY PLACEMENT READINESS. Category: campus. Not assigned to a department.

Gallery file backend/uploads/gallery/faaa3236b2c942e1afa8b85630211a09.jpeg.

A gallery video titled “onam 2k26” is stored (backend/uploads/gallery/8fcd7fd8f5be4dc484a8d06f141d95f7.mp4). It is not assigned to a department. Video is not embedded in this PDF.

Department banner images

Each department record points to an external stock image. Those files are not photographs of KKMMPTC laboratories or events, so they are not printed here.

Details that need confirmation

The items below were not filled with guessed text. They should be confirmed from a prospectus, a department office record, or the State Board syllabus before they are published as official department facts.

Item	Status
Vision and mission	Stored as website text. No signed department statement was found.
Eligibility wording	Stored on the website. Confirm it against the current prospectus.
Semester syllabus	Not included. Use the SBTE Revision 2021 scheme.
HOD designation, qualification, and email	Omitted where the stored email still belongs to an earlier sample name.
Same HOD name on two departments	NISHA P V is stored for EL and BM. RAJI R is stored for CG and CT. The CG and CT photographs are the same file.
Other faculty	The AI Workshop poster prints extra names. They are not separate staff records, and qualifications are not printed.
Laboratory equipment and lab photographs	Not stored.
Workshops, visits, projects, awards, publications	Only the two published activities in this document are on record.
Downloads	No department syllabus, brochure, manual, or timetable file is in the project.
Computer Hardware Engineering	Still named on the older IHRD institution page. The website name is Computer Science and Technology.
Branch codes EE and RP	Used in IHRD or SBTE tables. The website codes are EEE and RPA.
DCA and PGDCA	Listed by IHRD as additional courses, not as these diploma departments.

> *Prepared for the KKMMPTC website from the live department records and the IHRD and technical-education sources named above. Website database path used while compiling: backend/kkmmptc.db. This file does not change that database.*
